

FOOTHILL COLLEGE

Student Success Collaborative

Integrated Plan

PROPOSED GOALS

Proposal Goal: Improve success outcomes among students with basic skills needs

Possible Activity: Review current process of scheduling courses is student-centered

Possible Activity: Consider curriculum alignment with other systems (K-12; CSU/UC)

Possible Activity: Students experiencing increased placement and course success rates

Possible Activity: Faculty attendance at basic skills conference(s)

Possible Activity: On-site basic skills professional development sessions

Possible Activity: Maintain and expand embedded tutoring and supplemental instruction

Possible Activity: Develop and implement a mentoring program

Possible Activity: Professional development to assist faculty and staff with identifying and implementing strategies to decrease achievement disparities

Proposal Goal: Reduce the time it takes to complete the basic skills pathway(s)

Possible Activity: Identify gatekeeper classes (e.g. Math 105) and increase course success rates

Possible Activity: Explore expansion of summer pathway programs

Possible Activity: Create working model of web-based reading/writing modules

Possible Activity: Pilot multiple measures of assessment

Possible Activity: Increase access for students to enroll in courses by reducing financial barriers for low income students

Proposal Goal: Reduce the time it takes to complete transfer-level coursework (English and Math)

Possible Activity: Improve success rates in degree/certificate attainment

Possible Activity: Facilitate the assessment of ADT learning outcomes to identify achievement disparities

Proposal Goal: Improve identification of and support for students at-risk for academic/progress probation

Possible Activity: Provide services to at-risk students

Possible Activity: Support students who need to re-take courses

Possible Activity: Assessment of Summer Bridge English Program

Possible Activity: Expansion of Summer Bridge Math Program

Possible Activity: Early alert and early intervention

Possible Activity: Plan for the expansion of the First-Year Experience program

Proposal Goal: Increase incoming student participation in orientation, assessment, education plans

Possible Activity: Increase student participation among populations with achievement disparities in 3SP activities [Student Orientation, Assessment, and Registration (S.O.A.R.)]

Possible Activity: Use student educational plan data to project student needs

Possible Activity: Support intrusive counseling

Possible Activity: Expand multiple measures assessment

Proposal Goal: Increase students transitioning from noncredit to credit

Possible Activity: Increase students earning noncredit CDCP certificates

Possible Activity: Vocational ESL coursework development

Possible Activity: Non-Credit ESL textbook purchases

Proposal Goal: Marketing and outreach to recruit students from under-represented student groups

Proposal Goal: Focus institutional research on student needs and new programs

For Consideration: Goal related to online course success/completion?

*Proposed goals identified from Student Success Collaborative meeting (August 17, 2017) and from existing plans (BSI, SEP, 3SP plans)
