Feedback

Narrative did not contain program specific goals that could be done to improve diversity. Marked as meets expectations because in future sections there is discussion about faculty development and culturally responsive pedagogy. Readers agree that there needs to be collaboration between office of equity and health faculty. Our recommend is that health faculty should drive the conversation regarding updating curriculum and content. Opportunities for professional development around supporting LatinX students will be necessary to be strategic about addressing the gaps identified in the narrative.

Feedback

The health faculty should review current content, curriculum and teaching practices to determine challenges in student success. Consider using office of equity as a resource to frame the conversation. Opportunities for professional development around supporting LatinX students will be necessary to be strategic about addressing the gaps identified in the narrative.

Feedback

RSI plan is very thorough and comprehensive. Readers appreciate the thought fullness and detail that went into the RSI plan. Would recommend a firm plan on evaluating the effect of RSI techniques on course success among identified student populations.
