RE: 2013 Summer Bridge Math Program Exit Survey

Overview

Students who completed the first session of the Summer Bridge Math Program (July 8-July 18, 2013) were required to complete an exit survey. While 25 students started the program, only 22 responded to the exit survey (92%). 21 students responded to both intake and exit surveys.

Chart 1 shows the placement level change among students who completed the Summer Bridge Program. About 61% (14/23) of students increased their math placement from their pretest level (one to four levels increase); slightly over one-third of those students who experienced a placement level increase moved up one level (35%). Note that there were four SPED 80/TTW students included in this analysis (18%). Three of these students had pre- and post-placement results, which accounted for all who experienced a decrease in placement at end of the program. A third student experienced no change in placement and there was no post-placement result for the fourth student.

Chart 1. Math Placement Level Change among Summer Bridge Program Students, July 8-18, 2013 (Session 1).

Note: Two students did not have a math placement at the beginning and end of program.

Some highlights:

Student Educational Experiences

- Almost one-fifth of the students were undecided about their major (18%), which reflected the most common major selected. 10% of students reported a STEM major (Math N=1, Computer Science N=1). Other majors cited include IGETC (9%), Music Technology (9%), Nursing (9%) and Physical Education (9%). A complete list of intended majors can be viewed in the attached report.
- Almost two-thirds of the students took a course at Foothill prior to the Summer Bridge Program (64%).
- Almost all the students indicated they would use the tutorial services offered by PSME Center if there were enrolled in a math class this fall (91%).

Confidence Level

- After participating in the Summer Bridge Program, all students reported feeling at least somewhat prepared about their next math class. However, not all students reported that their math confidence increased by the end of the program (91%).
- After participating in the Summer Bridge Program, almost all of the students reported feeling at least somewhat prepared about where to go to access Foothill resources when faced with an academic challenge (95%).
- Almost all of the students reported that Summer Bridge components (ALEKS, Math faculty, Math topics reviewed, Pace of program, Working at own pace) increased their math confidence. However, only half of the students reported an increase in math confidence resulting from “Working with other students.”

Math Perceptions

- Generally students who entered the program with higher levels of self-reported math abilities seem to report higher overall math self-confidence after completion of the Summer Bridge Program.
- The majority of students indicated that their confidence level along each math concept (total of 10 concepts) increased at least slightly at the end of the Summer Bridge Program (68%).
- Over half of the students entered the program indicating “no confidence” in “Graphing a line from the equation of a line” and “Finding the equation of a line if you are given the graph.” At the end of the program, at least two-thirds of these “no confidence” students indicated they at least increased slightly in their confidence level along these two specific math concepts (77% and 64%). Note that about two-thirds of the students who initially indicated “no confidence” in these two math concepts ultimately increased one level in their math placement.
- About one-fourth of students indicated “no change” in their confidence level in the following math concepts: “Finding the equation of a line if you are given the graph” (27%), “Finding the slope of a line” (23%), and “Graphing a line from the equation of a line” (23%). Those students who initially indicated “no confidence” in these three specific math concepts (5 students), most experienced a one level increase in their math placement test result (4/5) despite “no change” in their confidence level.

Program Expectations

- The majority of students reported that the Summer Bridge Program components met or exceeded their expectations (4:1 ratio). The highest rating was for Math faculty (45% exceeded expectations) and the lowest was for interaction with other students (14% did not meet expectations).

Program Improvements

- 95% of students reported that they would recommend the program to other students.
- 45% of the students suggested increasing the length of the program to 3 weeks long.
- 32% of the students suggested additional time with math faculty.
- 27% of the students suggested adding an English/ESLL component to the program.

Methodology

Students who participated in the Summer Bridge program were required to fill out the exit survey on the last day of the program. Data was collected using ReMark survey software. It appears that three students didn't finish the program because there was no exit survey data for them.

Math placement was calculated based on the level change between the placement received closest to the Summer Bridge program (or on the first day of the Summer Bridge program on July 8, 2013) and the placement received at end of the program (July 18, 2013). Students who placed at the "Review and Retest" level were coded as being placed in NCBS 401A.

Summer Bridge Exit Survey 2013: Session 1 (July 8-18, 2013)

Response Rate 92% N=22

Q2. What is your current or intended major?

| Response | N | % |
|-------------------|-----------|-------------|
| Undecided | 4 | 18% |
| IGETC | 2 | 9% |
| MusicTech | 2 | 9% |
| Other: Nursing | 2 | 9% |
| PE | 2 | 9% |
| ChildDevelopment | 1 | 5% |
| ComputerScience | 1 | 5% |
| English | 1 | 5% |
| Humanities | 1 | 5% |
| InjuryCare | 1 | 5% |
| Math | 1 | 5% |
| Paramedic | 1 | 5% |
| Psychology | 1 | 5% |
| PsycologyTransfer | 1 | 5% |
| VetTech | 1 | 5% |
| Total | 22 | 100% |

Q3. Have you taken courses at Foothill prior to the Summer Bridge program?

| Response | N | % |
|----------|----|------|
| Yes | 14 | 64% |
| No | 8 | 36% |
| Total | 22 | 100% |

Q4. If you were to enroll in a Foothill math class this fall, would you use the tutoring services offered by PSME center?

| Response | N | % |
|----------|----|------|
| Yes | 20 | 91% |
| No | 2 | 9% |
| Total | 22 | 100% |

Q5. After participating in the Summer Bridge program, how prepared do you feel about the next math class you will take?

| Response | N | % |
|-------------------|----------|----------|
| Very prepared | 10 | 45% |
| Somewhat prepared | 12 | 55% |
| Not Prepared | 0 | 0% |
| No Change | 0 | 0% |
| Total | 22 | 100% |

Q6. After participating in the Summer Bridge program, how prepared do you feel about where to go to access Foothill resources and services when faced with an academic challenge?

| Response | N | % |
|-------------------|----------|----------|
| Very prepared | 10 | 45% |
| Somewhat prepared | 11 | 50% |
| Not prepared | 1 | 5% |
| No Change | 0 | 0% |
| Total | 22 | 100% |

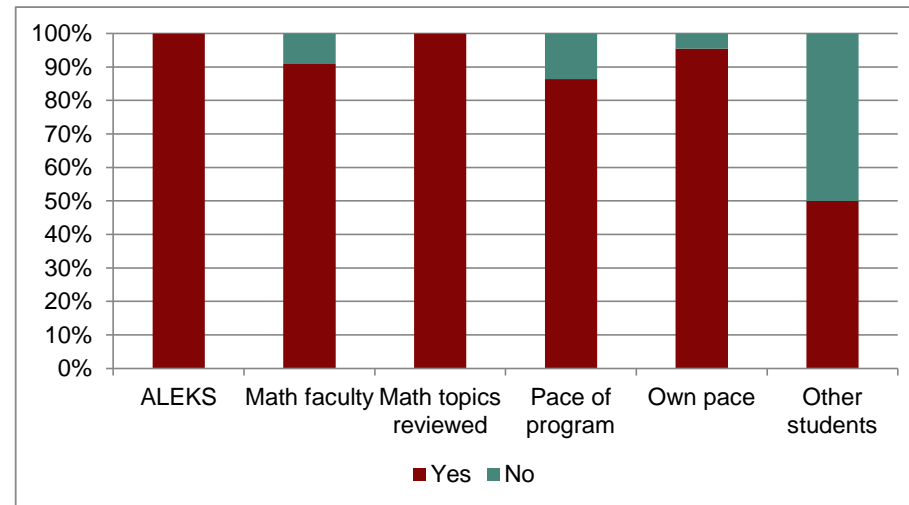

Q7. Please rate your overall math confidence level after completing the Summer Bridge program.

| Response | N | % |
|-------------------------|----|------|
| Increased significantly | 5 | 23% |
| Increased somewhat | 15 | 68% |
| Decreased somewhat | 2 | 9% |
| Decreased significantly | 0 | 0% |
| No Change | 0 | 0% |
| Total | 22 | 100% |

Q8. Indicate if the following Summer Bridge program components increased your math confidence.

| Components | Yes | | No | | Total | |
|----------------------|-----|------|----|-----|-------|------|
| | N | % | N | % | N | % |
| ALEKS | 22 | 100% | 0 | 0% | 22 | 100% |
| Math faculty | 20 | 91% | 2 | 9% | 22 | 100% |
| Math topics reviewed | 22 | 100% | 0 | 0% | 22 | 100% |
| Pace of program | 19 | 86% | 3 | 14% | 22 | 100% |
| Own pace | 21 | 95% | 1 | 5% | 22 | 100% |
| Other students | 11 | 50% | 11 | 50% | 22 | 100% |

Q9. Please rate your confidence level regarding your ability to perform the following math concepts after taking Summer Bridge program.

Multiplying or Dividing fraction without a calculator

| Response | N | % |
|-------------------------|----------|----------|
| Increased significantly | 10 | 45% |
| Increased slightly | 8 | 36% |
| Decreased significantly | 1 | 5% |
| No change | 3 | 14% |
| Total | 22 | 100% |

Adding or Subtracting fractions without a calculator.

| Response | N | % |
|-------------------------|----------|----------|
| Increased significantly | 10 | 45% |
| Increased slightly | 8 | 36% |
| Decreased significantly | 1 | 5% |
| No change | 3 | 14% |
| Total | 22 | 100% |

Operations (+, -, x, /) with decimals, without a calculator.

| Response | N | % |
|-------------------------|----------|----------|
| Increased significantly | 11 | 50% |
| Increased slightly | 7 | 32% |
| Decreased significantly | 1 | 5% |
| No change | 3 | 14% |
| Total | 22 | 100% |

Operations (+, -, x, /) with negative numbers, without a calculator.

| Response | N | % |
|-------------------------|----------|----------|
| Increased significantly | 10 | 45% |
| Increased slightly | 7 | 32% |
| Decreased significantly | 1 | 5% |
| No change | 4 | 18% |
| Total | 22 | 100% |

Solving equations for x.

| Response | N | % |
|-------------------------|----|------|
| Increased significantly | 9 | 41% |
| Increased slightly | 11 | 50% |
| Decreased slightly | 1 | 5% |
| No change | 1 | 5% |
| Total | 22 | 100% |

Plotting points on a graph [Example: (-3, 5)].

| Response | N | % |
|-------------------------|----|------|
| Increased significantly | 13 | 59% |
| Increased slightly | 6 | 27% |
| Decreased slightly | 1 | 5% |
| No change | 2 | 9% |
| Total | 22 | 100% |

Finding the slope of a line.

| Response | N | % |
|-------------------------|----------|----------|
| Increased significantly | 8 | 36% |
| Increased slightly | 9 | 41% |
| No change | 5 | 23% |
| Total | 22 | 100% |

Graphing a line from the equation of a line.

| Response | N | % |
|-------------------------|----------|----------|
| Increased significantly | 6 | 27% |
| Increased slightly | 11 | 50% |
| No change | 5 | 23% |
| Total | 22 | 100% |

Finding the equation for a line if you are given the graph.

| Response | N | % |
|-------------------------|----------|----------|
| Increased significantly | 5 | 23% |
| Increased slightly | 11 | 50% |
| No change | 6 | 27% |
| Total | 22 | 100% |

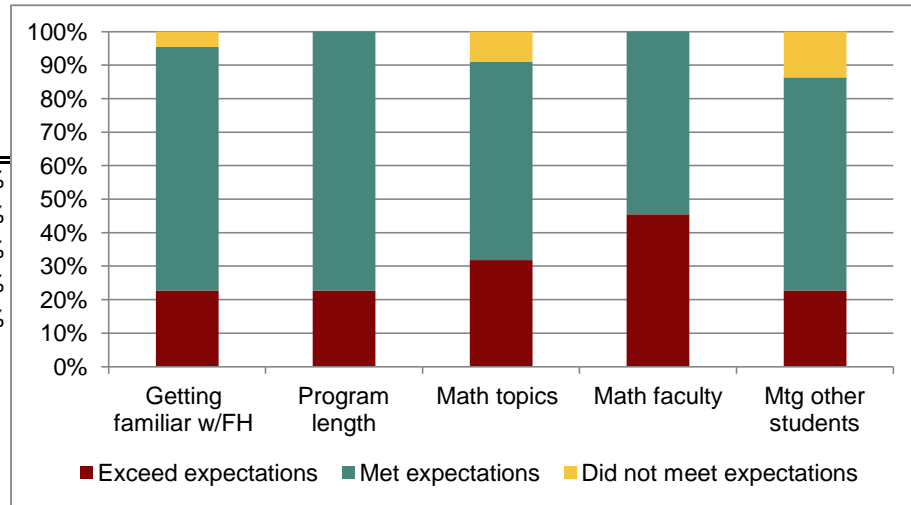

Working with rules of exponents.

| Response | N | % |
|-------------------------|----------|----------|
| Increased significantly | 8 | 36% |
| Increased slightly | 10 | 45% |
| Decreased slightly | 1 | 5% |
| No change | 3 | 14% |
| Total | 22 | 100% |

Q10. Please indicate whether the following program components met your expectations:

| SB components | Exceed expectations | | Met expectations | | Did not meet expectations | | Total | |
|-----------------------|---------------------|-----|------------------|-----|---------------------------|-----|-------|------|
| | N | % | N | % | N | % | N | % |
| Getting familiar w/FH | 5 | 23% | 16 | 73% | 1 | 5% | 22 | 100% |
| Program length | 5 | 23% | 17 | 77% | 0 | 0% | 22 | 100% |
| Math topics | 7 | 32% | 13 | 59% | 2 | 9% | 22 | 100% |
| Math faculty | 10 | 45% | 12 | 55% | 0 | 0% | 22 | 100% |
| Mtg other students | 5 | 23% | 14 | 64% | 3 | 14% | 22 | 100% |

Q11. What improvements or suggestions do you have for the Summer Bridge program? (check all boxes that apply)

| Response | N | % |
|--|----|-----|
| Add English /ESLL component to the program | 6 | 27% |
| Additional time with math faculty | 7 | 32% |
| Keep it 2 weeks long | 6 | 27% |
| Make it 3 weeks long | 10 | 45% |
| Make it longer than 3 weeks | 2 | 9% |
| Opportunity to work with other students | 2 | 9% |
| Other | 1 | 5% |
| None | 2 | 9% |
| Number of respondents | 22 | |
| Number of responses | 36 | |
| Other: A speaking up pace | | |

Note: Students could select more than one option so percentages do not total 100%

Q12. Would you recommend the Summer Bridge program to other students?

| <u>Response</u> | <u>N</u> | <u>%</u> |
|-----------------|----------|----------|
| Yes | 21 | 95% |
| Depends | 1 | 5% |
| Total | 22 | 100% |

Comments:

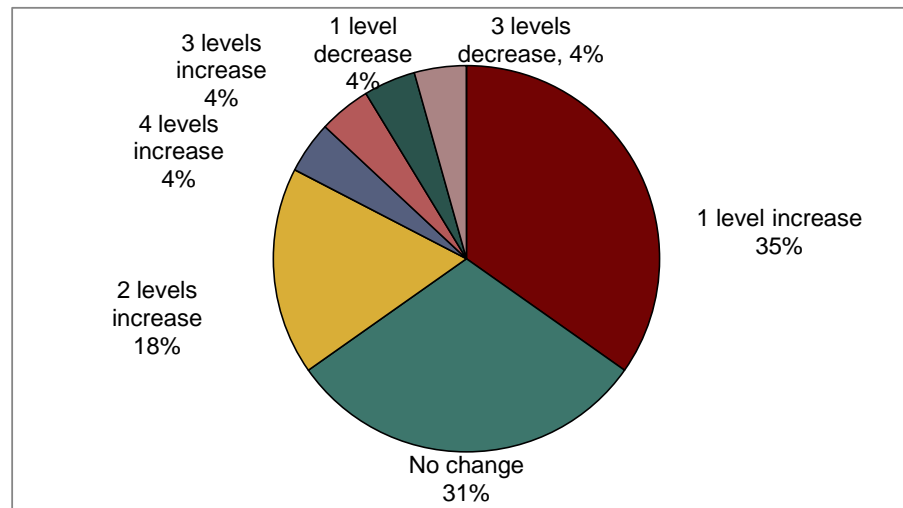

Great interaction with instructors with math skills. Teresa and Sara did a great job with instruction. The computer and instructor help made learning a lot easier.
 It helped me a lot!!
 It was a good review.

Math Placement Level Change

| <u>Level Change</u> | <u>N</u> | <u>%</u> |
|---------------------|----------|----------|
| 1 level increase | 8 | 35% |
| No change | 7 | 30% |
| 2 levels increase | 4 | 17% |
| 4 levels increase | 1 | 4% |
| 3 levels increase | 1 | 4% |
| 1 level decrease | 1 | 4% |
| 3 levels decrease | 1 | 4% |
| Total | 23 | 100% |

Note: 2 students did not have a math placement at beginning and end of program

FOOTHILL COLLEGE

SUMMER BRIDGE MATH PROGRAM

Thank you for your participation in Foothill College's Summer Bridge Math Program! We hope you had the opportunity to review your math skills and improve your math placement. Any feedback you have about the program would be greatly appreciated.

Survey results will be used to evaluate and enhance the Summer Bridge Math Program.

All questions require a response.

Q1. What is your student identification number?

(If you do not know your ID#, please enter 87654321)

Q2. What is your current or intended major?

Please Select One

If other:

Q3. Have you taken courses at Foothill prior to the Summer Bridge program?
