RE: Spring 2013 to Summer 2013 NCP Enrollment and Concurrent Credit Enrollment

Overview

Students who enrolled in Non-Credit Parenting (NCP) courses between Spring 2013 and Summer 2013 were identified to determine how many NCP courses they enrolled in and whether they enrolled in for credit courses. Table 1 shows that 376 students enrolled in a NCP course and at least half of these students enrolled in at least two NCP courses between Spring 2013 and Summer 2013 (54%). Only 1% of the students enrolled in NCP courses also enrolled in for credit courses during the same time period.

Table 1. Non-Credit Parenting (NCP) Enrollment, Spring 2013-Summer 2013.

NCP Headcount	2+ NCP Headcount	% NCP Enrollment	Credit Headcount	% NCP Enrollment
376	202	54%	5	1%

All NCP courses (400-403) were offered during these two academic terms; NCP 400 and NCP 401 was not offered in Summer 2013 (Table 2). The majority of all NCP enrollment in Spring 2013 and Summer 2013 was in NCP 403 (61%), followed by NCP 402 (18%) and NCP 401 (12%). NCP enrollment at the section level can be found in Appendix 1.

Table 2. Non-Credit Parenting (NCP) Enrollment by Course and Term, Spring 2013-Summer 2013.

Table 3 expands on the data presented in Table 1 to show that over half of students enrolled in NCP during either Spring 2013 or Summer 2013 enrolled in two NCP courses (53%) while almost half enrolled in one NCP course (46%) (Table 3).

Table 3. Non-Credit Parenting (NCP) Enrollment by Number of Courses, Spring 2013-Summer 2013.

The credit courses taken by the five NCP students span five departments, making up a total enrollment of 15 over the two academic terms (Table 4). Roughly half of the enrollment was in CHLD (53%) with another one-fifth in CNSL (20%).

Table 4. Credit Course Enrollment among Non-Credit Parenting (NCP) Students, Spring 2013-Summer 2013.

Overall course success rates among for credit courses taken by NCP students indicate they are successfully passing almost all of these courses (87%) (Table 5). The nonsuccess rate is from PHED 11A (nonsuccess) and HIST 17B (withdraw).

Almost three-fourths of the students enrolled in NCP courses are female (71%) while slightly over one-fourth are men (27%) (Table 6).

Table 7 shows the breakdown of NCP enrollment during Spring 2013 and Summer 2013 by age group. Half of the students are between ages 30 to 39 (50%) while another one-fourth are between ages 40 to 49 (24%). Those between the ages 20 and 24 are the smallest group represented (3%).

Latino/as are the largest ethnicity represented among NCP students during Spring 2013 and Summer 2013 (88%). All other ethnicities together represent a fraction of all students served (<10%) (Table 8).

Table 8. Non-Credit Parenting (NCP) Students by Ethnicity, Spring 2013-Summer 2013.
