RE: Enrollment figures from Winter 2009 to Fall 2011

Overview

Please find attached the enrollment figures requested for literature courses for the time period from Winter 2009 to Fall 2011. I included data on enrolled, dropped and waitlisted students, which should represent the count at census. For Summer 2010 data, I referred to Banner Active Division and noticed that none of the courses referenced were offered that term. During this time period, only ENGL 8 had waitlisted students.

Please review the data and let me know if you think there are any discrepancies.
